Median Evaluation

8 - What environment(s) is/are the most suitable to learn using this method?

- At the beginning I would like to get the rules than the sentences because the prepared material is from grammatical field.
- [AADlto5-TtwC2UP85pRBJdWKa?dl=0#lh:null-MENTAL%20PRACTICE.mp4](#)
- too fast and lase of written text causes difficulties
- nice images and nice sound. simple words, easy to learn
- I would like to have more decoded lessons.
- Many times repeated phrases make boring.
- Very nice drawing, illustrating the content of the sentence
- It is a good and useful product for people who want to learn English language.
- I didn't like it. Too any times repeated words, pronunciation was not pleasant.
- Should be a native portuguese.
- Appearing the words, main words, written in different fonts, is very helpful.
- I feel that the background music can be a bit annoying. But the video catches your attention that is good.
- Should be a native portuguese reading in portuguese and a native english the english
- Very nice pictures

- This method is good for people who have a lot of time but it is very pleasant
- It's great that there is a new method which can help learn languages.
- I like this method, the learning is pleasant.
- It is a good way how to learn a new language
- The information was clearly presented, easy to remember sentences.
- Should be a native person, music is not necessary
- This experience is good but the person who read the phrases need to be a portuguese one.
- it's too fast to learn the text. the words appearing it helps

- Different information and various learning tools help a lot while studying a foreign language
- Good pronunciation and clear sound. Using different intonations helps to memorise phrases.
- I don't have any. All looks good.
- is method is good but takes a lot of time
- This method helps to learn pronunciation. I would like to have more topics prepared using this method.
- Very good method, because many people have visual memory so this methods helps to memorise. Sound quality could be better...
- I missed quality of the sound

- ❑ Very useful and interesting way how to learn a new language. I really liked it.
- ❑ The pronunciation was clear and easily understandable.
- ❑ I loved this new, easy and interesting way how to learn phrases in another language.
- ❑ this method is good but not the basic method learning English. It takes a lot of time.
- ❑ Music is a little bit too loud.
- ❑ The words are repeated too many times, the beginning of the sentence you can forget.
- ❑ Some phrases were too easy, most difficult phrase was too difficult or maybe not life for me.
- ❑ The video was simple and easy to understand at the same time. I think it would be a useful method to use in order to learn a foreign language
- ❑ Music rather hinders the learning.
- ❑ Clear videos, easy to remember sentences.
- ❑ Thank you for the possibility to double check my level of English. It was really useful.
- ❑ If the topic would be more connected to real life, it were great:)
- ❑ It is a good way how to start learning a new language.
- ❑ It is very important that visualization does not grab person's attention more than the information provided. There were just a few images in the video which did not distract me from learning sentences

- It is very important that visualization does not grab person's attention more than the information provided. There were just a few images in the video which did not distract me from learning sentences
- I would recommend to lower down the background volume. Sometimes I could not hear properly what the speaker was saying.
- I loved this new, easy and interesting way how to learn phrases in another language.
- I liked it very much.
- In my opinion there were too many variations of intonation. For a person who wants to learn English two different variations would be more than enough: the first intonation could be in a native language and the second one when reading a correct sentence in English.
- Good tool for use, just needs to be adapted with native speakers, it is good to have repetition.
- the picture is related to the words, that helps to understand
- Easier sentences could be repeated less times.
- It takes too much time.
- Very good method. It is very good that you can see the structure of the sentence, how to write the words, and to hear the pronunciation.
- Tone of voice was good.

- The written words are helpful
- It is very important to find a good way how to help a person who wants to learn a new language. It is necessary to pronounce words clearly as well as explain the way how one or another word is used in different situations, it is important to present the structure of sentences, etc.
- In my opinion there were too many variations of intonation. Lithuanian language is very expressive and it is good to use different intonations, but English language is a little bit different. Two types of intonation would be more than enough for a person who does not speak English in order to learn the pronunciation of separate words and whole sentences.
- repetition helps, and see the words too
- Background can be lighter, words darker, music is not necessary
- It really helps to memorise correct sentences.
- Thank you very much. I don't really use English language in my life but it is always useful to learn few phrases. It is good indeed that videos are not too long. In my opinion sentences were chosen wisely.
- the images help, and the written words at same speed than speech are importantl would recommend to lower down the background volume. Sometimes I could not hear properly what the speaker was saying.
- I loved this new, easy and interesting way how to learn phrases in another language.
- I liked it very much-
